The Racist Hypocrisy of the Irish Press and Joe Biden attempt to "cover up" continued ongoing Democratic involvement and mi5use of Irish newspapers.

This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter,(Wikifreaks are writing for Dark Politricks right to produce free speech!).The hidden,hideous and hypocritical double standards of this newspaper owned by Dennis O Brien are found in the book"Clinton Cash" which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world.Clinton himself made brief speeches costing upwards of over 100,000 dollars.Dennis O Brien is named in the book Clinton cash presenting the Clinton foundation with countless thousands of "green back" in exchange for guest appearances organized by the OBrien Empire.

Copyrighted material belonging to the Irish Independent newspaper can be found inside of a pdf version of a Racist Neo Fascist book known as Gorings Biography written by a convicted "modern day" fascist who was fined over two million pounds for its production in the British courts.Dennis O Brien is personally aware of the author and the Irish Independent copyright used in the specific pdf book version,however despite being listed as the richest person in Ireland he has no personal intentions of removing the copyrighted material through the court system.We completely condemn the racist actions of the Irish Independent in allowing their copyright to be produced in the first instance and later used in Gorings Biography and also condemn Joe Biden Government for remaining silent on "Wikileaks – Irelands CIA Operations".

MI5/GSOC ALLEGATIONS WITHIN IPCC

Thu, 24/07/2014 - 9:46am — anonymous (not verified)

- [General discussion](#) [1]

The IPCC (Independent police complaints commission) based in London uk, by virtue alone of its own investigatory powers is often perceived under the British Government as an autonomous authority that without itself being "policed" would in certain instances conceivably present problems that circumstantially could directly effect matters of national security issues within the country itself.

Perceiving the IPCC in such a fashion provides MI5 an internal platform and manoeuvrability within the IPCC hidden Agendas that allows the British Government to continually review alleged security risks where necessary and applicable.

It is therefore impossible to claim in these circumstances that the IPCC involvement with UK security company Verrimus in 2013 would be unknown to MI5 itself and that any components of existing security contracts within the IPCC remit would not be known to The British government in advance of any contracted work.

Verrimus Security later on 2013 provided Counter Espionage services within Irish Government Agencies named as GSOC (Garda Siochana Ombudsman Commission).

World Socialist Movement 503 Temporarily unavailable

Due to a security incident, the websites for the World Socialist Movement and the Socialist Party of Great Britain are currently down for extended maintenance.

 Learn more about the incident and what this means for your personal data

On 6 July 2018 the Socialist Party of Great Britain (SPGB) discovered that a malicious third party had gained control of the worldsocialism.org web server. The server hosts the websites for the SPGB, the World Socialist Movement (WSM), the Socialist Party of Canada (SPC), and the World Socialist Party of New Zealand (WSPNZ).

Once we became aware of the attack, we immediately took the web server offline and began taking steps to assess and repair the damage. Our initial assessment is that the attack took place on or around 30 June 2018 and that it was effected through a security flaw in the content management system that powers the SPGB website. The identity of the attacker is not currently known to us.

The evidence we have examined so far suggests that the attacker had the opportunity to access almost all information stored on the web server, including the SPGB forum's user database. The user database stores passwords in a secure manner, so it is unlikely that the attacker was able to see them. However, the attacker may have been intercepting data submitted through the SPGB website from the time of the attack until yesterday evening. This means that if you logged into the SPGB forum on worldsocialism.org, then the attacker may have your username and password. In any case, **if you use the same username/password or e-mail/password combination on both the SPGB forum and on other websites, we advise you to change your password on those other websites immediately.**

If you entered any other kind of information (such as submitting a contact form or sending a private message on the SPGB forum) on the websites of the SPGB, the WSM, the SPC, or the WSPNZ, then for now you should proceed on the assumption that that information has been exposed to the attacker.

We are still working to assess the extent of the attack and to repair the damage, and we will attempt to notify any and all affected users directly once we are able to gather their contact details from the relevant databases. So far we have been able to restore the SPC and WSPNZ websites. However, the SPGB and WSM websites could remain offline for several weeks while we fix the security flaw that led to this breach.

If you have any pressing questions or concerns about your own personal data, please address them for the time being to the SPGB's Internet Committee at spgb.internet@worldsocialism.org. We will post updates of a more general nature here as our investigation and restoration work progresses.

GSOC AND FURTHER GOVERNMENT SECRECY

On Sunday 6/7/2014 Sunday times published an article by Conor Brady a former GSOC Commisioner,a very powerfull and informative piece of journalism, outlining what the new Garda Siochana (amendment) act 2014 will bring into power for the "New GSOC".

Unfortunately however when certain Breaches in security itself have been identified and require legal solutions hypothetical anaylsis and parameters surrounding evidence itself become meaningless,once a state of security becomes obtainable.Infact the Irish Independent announced on the front cover of its newspaper on June 12th this year "HUNT FOR MOLE WHO BREACHED SECURITY AT GARDA WATCHDOG" make no hesitation GSOC called in the lawyers with a view to a kill.

Whilst certain members of "think tanks" have designs and ideas that are catapulting forward at incomprehensible speeds regarding GSOC new look and future.This articlele intends to freeze the big picture and put into context what security means within real issues.

In policing and CIA work security breaches allow emmediate sequestration regardless of court proceedings.Simon o Brien chairman of GSOC has been exposed by wiki forces as a former British Police Officer,arguable all the ingriedents for further speculation infact many here in Ireland are calling for his resignation and for many obvious reasons.

Final point here when security breaches are legally established in Banks ,Government buildings, then the Security Industry always presumes assumption that if its happened already then its happened before.Gsoc and the Irish Government are of no consequence within the papameters of GSOCs breaches within security issues itself, because without arrest or convictions over alleged GSOC Breaches within law itself in our domain we now have the affirmative right to determine that other formats of data and intelligence have been removed without the publics knowledge or consent breaching human rights.Force majeure.

Annie Machon had joined MI5 a couple of months before. Hers was a more conventional security services background. She was born and bred on what she calls the 'somnolent island of Guernsey'. Later she graduated from Cambridge University with a degree in Classics. At the time Annie was, in her own words, 'totally apolitical'. Annie had originally applied to join the diplomatic service. 'But then, after sitting the Foreign Office exams, I received a letter on MoD-headed paper suggesting there may be other jobs I would find more interesting.' Annie had some vague, patriotic ideas about fighting terrorism. She was explicitly told by her interviewer - 'a tall slim 30-something woman with hair down to her hips and a layered hippy skirt' - that MI5 was no longer interested in investigating 'reds under the beds'. The new MI5 of the 1990s would be mainly involved in counter-terrorism, she was assured. But after sailing through the recruitment process, Annie was allocated to F2 - the counter-subversion department, dedicated to monitoring 'political extremists'. 'In the 1980s, before we joined, MI5 had 40 desk officers, each with a team of clerical support workers, concentrating purely on the old Communist Party. By the time I joined, Militant had become the big threat.' Annie herself was put in charge of co-ordinating surveillance of the SWP. She says that 'F2 deliberately exaggerated the threat of Militant and the SWP to maintain staff levels and funding.' Annie recalls that, when she joined, there were informants in two thirds of SWP branches. 'These weren't all necessarily MI5-run agents... Some of them would have reported to Special Branch... I found it morally and ethically dubious that we should be investigating these perfectly legal organisations.'

'Over two years I ran down the operation. We managed to get rid of most of the agents, but I couldn't get rid of all of them. We had to keep about five or six.' Meanwhile David was in charge of the anarchist group Class War. He insists that, for some time, the organisation was held together by a full time intelligence officer. 'Usually agents were just people who provided information, but this was actually a full time officer who lived six days a week as an anarchist and one day a week as a normal family man... One day I went to debrief the officer. He had been involved in undercover work for about three years. If you spend that amount of time as an anarchist, you eventually become one. He was drinking special brew and kept denouncing the 'uniform bobbies' and stuff like that. We pulled him out - and soon after we did that, Class War fell apart. This guy was actually keeping Class War together. They were not a threat to anyone, frankly. They made a lot of noise but they had no serious organisation.' During their time in F2 - where the couple first met - David and Annie saw personal files on a vast range of individuals suspected of being subversives. They included cabinet ministers, trade union leaders, journalists and lawyers. Well-known subversives who have files held by F2 include the jazz musician, Ronnie Scott; the comedians, Mark Steele and Mark Thomas; the businessman Mohammed al-Fayed; the first Presiding Officer of the Scottish Parliament, Lord David Steele; and the old Etonian former Labour MP, Tam Dalyell. The couple even came across a file called 'Subversion in Contemporary Music', which consisted of press clippings on bands including the Sex Pistols and UB40. All of this could be dismissed as a childish game played out by cardboard spies. But David and Annie gradually began to discover a more sinister element at work within the secret intelligence services.

They allege that the intelligence services are involved in widespread corruption, with officers 'lining their own pockets to the tune of tens of millions of pounds in sting operations'. These normally involve arranging the sale of bogus drugs or weapons consignments. On one occasion, MI5 stitched up a loyalist paramilitary group by pretending to ship a cargo of weapons from Poland. But the cargo of weapons was in fact a stack of boxes filled with sand and other materials. MI5 took the money and claimed to have foiled a major arms deal. They also arranged for some few guns to be on display for the benefit of press photographers. According to David, the money generated by these shadowy operations disappears into a black hole. David and Annie suggest that some of the money is used to finance unofficial operations including illegal phone tapping and the running of agents provocateurs using shadow private security firms, which act as unaccountable satellites of the intelligence services. There are official and unofficial operations,' explains David. 'In MI5 they tell you that you won't know if your phone's tapped. But since I left MI5 I've had playback on my phone - I've ended the call, then heard a recording of my conversation played back. The difference is that some taps are official - they're done through the Home Secretary, with official warrants, through the telephone exchange. Others are unofficial, carried out by agents of the service, private security firms - often ex-MI5 or MI6 people - who'll then report their findings. The same with agents provocateurs... This allows MI5 and MI6 to keep their hands clean.'

Annie says that there were fewer warrants for official telephone taps at that time on left wing groups than people might

The Dedman Files-Craig Murray the CIA and Wikileaks

Published on The Socialist Party of Great Britain (<https://www.worldsocialism.org/spgb>)

election.

In Summary

London CT Publishing -analysis

Wikileaks themselves as an organisation gave the press Hillary Clintons emails-nobody else.Julian Assange is a very shrewd man and his sources are not known,American politics is one of the most treacherous substances known to man and the Clinton Foundation is a political organisation with close ties to the CIA working on inside Government information.Trump at present is being investigated by the FBI for amongst other his alleged dealing with the "mob".Hillary was seen by some as a mouth piece for a potential new hidden inside President Bill Clinton.You have to examine the hidden possibility that Craig Murray was working with MI6 when he obtained the emails in America as nobody in the right minds would steal from the Clintons knowing it would change the election result.Only MI6 could have protected murray from prosecution if he had been caught carrying the emails,if Bill and Hillary Clinton could have arrested Murray for the offence of obtaining stolen emails they would have used the FBI without hesitation.The CIA dislike Murray and insiders couldnt give Murray any Guarantees the only Insurance would have been given to Murray against possible arrest would be the likes of British Intelligence.Former British Intelligence Officers david Shayler and Annie Machon have published information on British intelligence operations that provide evidence of how the most unlikely of persons can work for british intelligence.Whether they will expand on Craig Murray is another question,the CIA cany directly implicate double agents within MI6 working for Putin perhaps they are just being diplomatic about it.the Clinton Foundation would have been legitimised and white washed if Clinton had been elected and vast amounts of funding would have been directed its highly likely "bent" CIA officers got bribes for leaking internal info out to the russians on the Clinton Foundations activities,Craig Murray must be treated with suspicion as there are plenty of accounts of corruption he could expose in Britain,the British government itself and bent cops have been leaking out files on British citizens for years against human rights(The Dedman Files -Google).London CT stated ays before the realese of Vault7 that Julian Assange is probably working for "bent" CIA officers,is he signing CIA disclaimers with Pamela Anderson or just playing fool of all Toolies?-The war of patches continues! Linux versus Microsoft,Android versus I Phone,Mob Foundations versus State Foundations its the same old story.Russian gas could have been part of an inside deal once its pumped into Britain its then pumped over to Ireland Secretary of State Rex Tillerson is alleged to have connections to Russian gas fields.

Wikileaks email affair

Craig Murray -The weak link.

Craig Murray is described by Julian Assange of Wikileaks as a close associate ,murray grew up in Norfolk a political liberal who disliked certain aspects of his schooling.It was Murray that was chosen by Wikileaks to obtain Hillary Clintons emails that Wikileaks fed to the press.The CIA later claimed that Hillary Clintons leaked emails cost her the election.,the CIA also stated they believed Russian hackers where to blame, later on Julian Assange admitted that Craig Murray flew to America to obtain the stolen emails.In June 2016 Wikileaks stated to the New York Times that they hoped stolen emails would harm Clintons chances of winning the election.Craig Murray was a former British Ambassador who worked from 2002-2004 in Uzbekistan whilst in office he exposed torture and killings allegedly carried out by the secret service and claims were made that torture was used to obtain intelligence that would be used to write CIA reports.Murray maintained that his revelations cost him his position as Ambassador because he was placed on "trumped" up charges after he gave evidence to the Home Office,the charges didnt land him in any trouble however he admitted to allegations that he misused his position of power to obtain sex,which later cost him his marriage -in his own words he asked Nadira Alieva a belly dancer who worked in a Brothel "to give up the club and be my mistress"-which she did.Today she no longer has any contact with Murray.

America at the time was using an airbase in Uzbekistan to bomb Afghanistan so the CIA where heavily involved in Espionage in this country and where running operations.In 2005 the British Law Courts ruled that Secret Service evidence that may have been obtained from torture was inadmissible in UK courts.In short Murray exposed CIA Operations in Uzbekistan and Washington was not happy,thats why Murray himself maintains the charges were a backlash to his work and that the charges put to him internally that never got anywhere were part of a plan of action.Craig Murray later wrote a book titled "Murder in Samarkand".Its more than fair to say that he uncovered a brutal CIA regime however most normal persons in his shoes would have done the same thing,at that particular moment in time it was expected from Washington and certain Home office types that everyone in the know was supposed to keep tight lipped on grounds of National Security,if Murray hadnt abused his power in obtaining sex then the charges may never have been brought against him there were allegations that the belly dancer who became his mistress was questioned about alleged involvement with Al Qaeda,the sexual relationship he had cost him his marriage.

The Clinton election emails

The CIA were quick to blame the Russians for the leaking of stolen emails belonging to Hillary Clinton,whilst Wikileaks have stated clearly that they were "leaks" not hacks and were obtained from a source"who had legal access to the emails" from what can be understood Craig Murray flew to America-Uni-northwest D.C and met person(s) in a wood,these person(s) who passed on the emails to Murray were not the person(s) that directly obtained the information they were couriers/mules.The emails were handed over because quote "Disgust at the Clinton foundation",so clearly it was Craig Murray that obtained the emails for Wikileaks NOT the Russians.It was later stated that the source(the persons who stole the emails) had legal access to them not as the CIA had indicated to the press that Russians had "hacked" the emails.US Intelligence sources informed congress they believed emails were given to Wikileaks by Russian hackers,CIA spokesman also stated at the time that Russias objective was to favour one candidate over another,further CIA conclusions stated that Russia conducted operations during the 2016 US election to prevent Hillary Clinton from winning the

David Irwing/Albert Smith Irish police Investigation REF:GSOC 630170-03-15

According to press and internet sources Author David Irwing recieved a three year sentence for anti-semitic offences. Albert Smith Irish Independent journalist can be found upon David Irwings disturbed Reichsmarschall web site promoting "banned" fascistic publications where such items can be purchased. In his own words Smith callously and insensitively introduces Irwings "Goring Diaries" with the most medically inept and horrific of introductions. "gorings biography is unlikely to raise hackles".

Other disturbing promotional statements that appear upon this site include "this book is a goldmine for aficionados of nazi germany". Infact the entire site is a promotional site of fascism and the very collection of books written upon the subject by Irwing that he recieved a prison sentence for producing, later described by Smith smugly as his "Scholarship".

Smith apparently appears upon this site courtesy of the Irish Independent and more bizarrely under authorization of Smith himself (otherwise presumably some form of court proceedings would be pending against this journalist and this site itself). Smith carries on with his description of Irwings collection with the promotional sell of "provokes controversy" a statement upon a far right wing site like this can only be seen to be promoting a form of endorsement as the type of person(s) who purchase "banned" books from this site are obviously of a certain fascistic persuasion that will obviously "read" into such propagated lineage with a sick interest (anything that provokes controversy in the minds of potential buyers is more likely than not to be a selling point.)

From an anti-fascist perspective Smith is obviously demonstrating his real motives and complete understanding as to the need and necessity for the purpose of, promotion of and the production of these "banned" books from the twisted minds of the higher order. As well as the long term damaging effect of particularly emphasizing the conflicting controversy created by these sick items Smith can not in any way at all claim his innocence to the content of such "banned" books and there thousand and one misuses, as he is very much aware that David Irwing cant be expected to be seen in literacy circles as some sort of lone wolf, Irwing has become an icon to fascists around the world since being sentenced and is part of a larger "sinister" network of self confessed fascists that continually produce propoganda that is seen as an essential part of modern day fascist parties and organizations that globally are monitored and watched by organizations within and connected to the United nations and Mossad (the Israel intelligence Service).

To consent to write such a review and to consent to allow it to help sell such vile propoganda on the understanding that it is blatantaly anti-semitic is unforgivable, and beyond negligence and complete dereliction of duty of any alleged normal national union journalist or alleged normal human being, his own reserved judgement upon the contents of these books describe as Irwings "Scholarship" sells like a self proclaimed authority upon such matters and is an obvious stumbling block attributed to his guilt, because without production of his wriiten review Irving himself would not be able to promote and profit from the sale of his books from this site, the final nail in the coffin arises from the journalist self explanatory confession "one cannot fail to be impressed by the painstaking thoroughness of Irwings scholarship". This statement makes you ponder on whether Smiths idiosyncratic delusions are shining through in his own foerseen projected propoganda as a closet admirer, further evidence to summise that the coffin lid has finally closed upon Albert Smith in describing Irwings latest book as a "good offering"

David Irwing/Albert Smith Irish police Investigation REF:GSOC 630170-03-15

According to press and internet sources Author David Irwing recieved a three year sentence for anti-semitic offences. Albert Smith Irish Independent journalist can be found upon David Irwings disturbed Reichsmarschall web site promoting "banned" fascistic publications where such items can be purchased. In his own words Smith callously and insensitively introduces Irwings "Goring Diaries" with the most medically inept and horrific of introductions. "Goring's biography is unlikely to raise hackles".

Other disturbing promotional statements that appear upon this site include "this book is a goldmine for aficionados of nazi germany". Infact the entire site is a promotional site of fascism and the very collection of books written upon the subject by Irwing that he recieved a prison sentence for producing, later described by Smith smugly as his "Scholarship".

Smith apparently appears upon this site courtesy of the Irish Independent and more bizarrely under authorization of Smith himself (otherwise presumably some form of court proceedings would be pending against this journalist and this site itself). Smith carries on with his description of Irwings collection with the promotional sell of "provokes controversy" a statement upon a far right wing site like this can only be seen to be promoting a form of endorsement as the type of person(s) who purchase "banned" books from this site are obviously of a certain fascistic persuasion that will obviously "read" into such propagated lineage with a sick interest (anything that provokes controversy in the minds of potential buyers is more likely than not to be a selling point.)

From an anti-fascist perspective Smith is obviously demonstrating his real motives and complete understanding as to the need and necessity for the purpose of, promotion of and the production of these "banned" books from the twisted minds of the higher order... As well as the long term damaging effect of particularly emphasizing the conflicting controversy created by these sick items Smith can not in any way at all claim his innocence to the content of such "banned" books and there thousand and one misuses, as he is very much aware that David Irwing cant be expected to be seen in literacy circles as some sort of lone wolf, Irwing has become an icon to fascists around the world since being sentenced and is part of a larger "sinister" network of self confessed fascists that continually produce propoganda that is seen as an essential part of modern day fascist parties and organizations that globally are monitored and watched by organizations within and connected to the United Nations and Mossad (the Israel intelligence Service).

To consent to write such a review and to consent to allow it to help sell such vile propoganda on the understanding that it is blatantly anti-semitic is unforgivable, and beyond negligence and complete dereliction of duty of any alleged normal national union journalist or alleged normal human being, his own reserved judgement upon the contents of these books describe as Irwings "Scholarship" sells like a self proclaimed authority upon such matters and is an obvious stumbling block attributed to his guilt, because without production of his written review Irwing himself would not be able to promote and profit from the sale of his books from this site, the final nail in the coffin arises from the journalist self explanatory confession "one cannot fail to be impressed by the painstaking thoroughness of Irwings scholarship". This statement makes you ponder on whether Smiths idiosyncratic delusions are shining through in his own foerseen projected propoganda as a closet admirer, further evidence to summise that the coffin lid has finally closed upon Albert Smith in describing Irwings latest book as a "good offering"

Pentagon Audit: Evidence Proving \$21 Trillion Unaccounted For – Opening Statement

[April 4, 2019](#) [Syndicated Politics](#), [SNEWS](#), [Syndicated - Featured](#), [War](#), [World 0](#)

According to United States government documents, since 1998, the Office of the Inspector General has reported \$21 Trillion in unaccounted for money.

As unbelievable and absurd as that sounds, the actual total of unaccounted for money at the Pentagon is most likely significantly more than \$21 trillion.

Researchers are unable to get data for every year of military spending, many Pentagon agencies do not have any publicly available records, hundreds of thousands of transactions have been erased, and an estimated millions of transactions do not have any traceable record.

As you will see in detail throughout this series of reports, not only have trillions of taxpayer dollars been knowingly dumped into a shockingly unaccountable black hole, Congress is not even sure how much money has been appropriated and given out in the first place.

United States government officials who work for the Defense Finance and Accounting Service (DFAS), the Office of the Inspector General (OIG) and the Government Accountability Office (GAO) have been reporting on this stunning issue for years.

The fact that this mind-blowing amount of missing tax money has not been a lightning rod for mainstream media coverage, congressional investigations, and a lead issue for all political

This article has been produced because of the high level of Eastern European activity within Ireland. The Chinese and eastern Europeans are creating Irish history and quite often clash in political ideology with the old guard and the FBI. The modus operandi of the old guard has been over the last few decades a darkly kept secret hopefully this article sheds light on who really controls this country that sits on Britain's border.

expect: 'When I joined F2 in 1991, telephone tapping wasn't practised directly by MI5 to any great extent. There was a tap on the SWP HQ and on Militant's national and regional HQs. Even then, it was slapdash. When the Provos began a bombing blitz in England in the early 90s, the full time staff who had been dedicated to transcribing tapes from Militant and the SWP HQs were switched to IRA-associated work. Months of tapes then stacked up so high that no-one could process them, so they were never transcribed, and were eventually just thrown away. This in itself showed that these organisations were never any serious threat to national security.'

In *Spies, Lies and Whistleblowers*, Annie describes an incident when a former member of Militant, who had not been politically active for a number of years, was vetoed for a civil service job based on an innocent social call he had made to Militant's HQ in London. Although they found this side of the work of MI5 distasteful, they were prepared to carry on and try and change the culture from within - naively, as they now acknowledge. The Victoria Brittan case shook them further. The Guardian journalist had received several large payments into her bank account from Libya to fund a libel action. When the payments were reported to MI5, the service jumped to the wrong conclusion without carrying out any elementary checks. They decided that Brittan was laundering money to fund a terrorist operation, and spent around £750,000 in a futile surveillance operation. At one point in the investigation, Brittan's London flat was burgled by MI5. To clear the way for the break-in, Brittan's daughter, a keyholder, was arrested on trumped up charges while on holiday in the United States. In another disturbing sequence of events, two Palestinians were jailed for 20 years - Samar Alami and Jawed Botmeh - after a bomb explosion at the Israeli embassy in London in 1994. Machon and Shayler believe they are victims of an outrageous miscarriage of justice. Annie says that two crucial documents were never revealed at the trial. One pointed to the possibility of an Iranian group being responsible. The other was from a senior manager in MI5. 'He had seen all the evidence. In his assessment, Mossad (the Israeli Secret Services) had bombed its own embassy. London at that time was a haven for Palestinian dissidents. A controlled explosion at the embassy, in which there were no deaths, achieved two things. 'First, it achieved a clampdown on the activities of potential terrorists. And secondly, the arrests and jailings splintered the whole Palestinian network in London - which has only now regrouped after ten years. Shortly before the attack, nearly a hundred people had died in an attack on the Jewish Mutual Association building in Buenos Aires. 'As a result the Israelis were paranoid about security. But now, in one stroke, Mossad had achieved two key objectives.'

Annie and David finally reached breaking point over MI6's funding of an Al Qaeda plot to assassinate Libya's Colonel Gaddafi. Shayler is no apologist for the Libyan regime. As head of MI5's Libyan Department, he investigated the Lockerbie bombing - and notwithstanding the controversy surrounding the eventual conviction of Abdelbaset al-Megrahi, Shayler remains convinced that Libya was responsible for the bombing of the Pan-Am airliner. But when David's counterpart in MI6, the head of the Libyan Bureau, approached him around Christmas 1995, he was shocked: 'He told me there had been a 'walk-in' at the British embassy in Tunis - a senior Libyan military intelligence officer, who was involved with an Islamic extremist group. 'Even though Islamic terrorism was supposed to be the new threat to the West, MI6 became involved with him anyway.' The plan was to assassinate Gaddafi, which in turn would trigger off an Islamic coup. 'Finance was integral to the whole operation. And MI6 paid for it, they made it happen. They financed this Al Qaeda plot to the tune of £100,000 to buy guns, jeeps, tents and other materials.' In the event, the attempt on Gaddafi's life failed - but innocent onlookers, including children, were killed in the car bomb blast and the subsequent gun battle. David says he was 'physically sickened by the fact that MI6 sponsored Islamic extremists to carry out an act of terrorism which killed innocent people'. David knew about the plot well in advance, but did not imagine it would ever be carried out. MI6 live in this fantasy world of James Bond and *Boy's Own*. They fancied themselves swanning around Monte Carlo casinos, hatching up coups and other adventures. So, although I did raise concerns with my bosses, I honestly didn't think it was going to happen. The innocent civilians who died were described as 'collateral damage', but that only confirmed to me how many psychopaths there are in the British upper classes,' says David. You can live with the idea of somebody's flat being wrongly tapped or burgled. It's wrong, but it's not necessarily by itself something that's going to make you blow the whistle. But when you realise that British Intelligence are funding people who are supposed to be our new terrorist enemies, Islamic extremists, and they go on to kill innocent people, that's of a completely different order.' David and Annie believe that MI6 hoped that the coup would succeed in establishing an Al Qaeda state in Libya. 'This would either be a puppet state, or it would give them an excuse to

Jeremiaih P Conway The retreat from History: A Marxist analysis of Freud

Erich Fromm-was a jewish Psychoanalyst,writer,activist whose life-long concern was with developing and understanding the relationship between capitalists and mental health based upon his attempts to integrate the ideas of both Marx and Freud.Fromms work has been approved by both Marxists and Pyschologists alike,he also considered himself a marxists Erich Fromm: Book titile Marxs concept of man published 1961 fromm has been described as a key contributor to the Socialist humanist movement that emerged in the mid 1950s.

Narrative Neil Faulkner: what is the nature of the relationship between Marxism and psychoanalysis? Determination: Some marxists argue that it is social conditions,collective actions,and political ideologies that determine history not the inner mind,however - Sabby Sagall SWP suggests quote "Freud is necessary,he explains,because classical marxism lacks a theory of subjectivity "-of the way external,material conditions become translated into the pysche of the individual not just as ideology but as their overall emotional life....Psychoanalysis on the other hand provides an account of subjectivity which links the external structures of the social world with the internal world of each individual.it can help us understand how external structures of explotation and oppression are internalised in the mind of the individual.

SWP member Sabby Sagall publically stated on 22/6/2016...Erich Fromm and social character a reply to Iain Fergusons- Iain Ferguson article on Erich Fromm provides a welcome oppurtunity for readers of international Socialism to engage in a debate not only on the work of this popular but controversial writer but also on the wider issue of the relationship between marxism and psychoanalysis....sabby goes on to point out ironically that Fromm was attacked by the left for being a psychoanalyst,and by psychoanalysts for being leftist!

What prompted this article is a site on the Dark web/TOR that now appears on Google and Bing entitled "Wikileaks Irelands CIA Operations" uotlining the new Cold war in our back yard.as we are aware The Republic of Ireland physically joins onto British land mass which makes the border area between both countries a political Hot Zone for espionage.The fight for control over the remains of Socialist Bertie Aherns previous Empire and Ennda Kennys New Right Government is both bloodied and dirty and goes further than the ballot box.The American CIA are using Psychological programs in Ireland as they have done across the Globe,In the article Wikileaks Irelands CIA Operations it mentions British doctors involved in psychiatry and psychology experiments in Irish prisons and that there is a possibility that these doctors have been planted by the Intelligence services.drug programs are in operation in ireland TOR/Google - The Dedman Files,where both British Intelligence and CIA are acused of "Dumping" both drugs and files into the Republic.Finally the net is covered in articles about Alleged MI6 operative Simon O'Brien GSOC who left his job after files breaching security where "Dumped",when the press Newstalk radio presenter Ivan Yates interviewed O'Brien about him using former Irish Police in his Department he got "ruffled" live on air more interesting was the point that the presenter didnt ask him if he was himself a police officer,wikileaks and other sources showed later on he was but at the time there was no mention of him being a British Police officer...O'Brien later resigned.,Ivan Yates apperently was a former agriculture minister who has since left the station.

The Racist Hypocrisy of the Irish Press and Joe Biden attempt to "cover up" continued ongoing Democratic involvement and misuse of Irish newspapers. This Irish Independent newspaper is not a friend of left wing politics or free speech in the Republic of Ireland or anywhere else for that matter,(Wikileaks are writing for Dark Politricks right to produce free speech!).The hidden,hideous and hypocritical double standards of this newspaper owned by Dennis O'Brien are found in the book "Clinton Cash" which exposes the Clinton Foundation (another front for the CIA) collecting millions of dollars at dinner parties around the world.Clinton himself made brief speeches costing upwards of over 100,000 dollars.Dennis O'Brien is named in the book Clinton cash presenting the Clinton foundation with countless thousands of "green back" in exchange for guest appearances organized by the O'Brien Empire.

Copyrighted material belonging to the Irish Independent newspaper can be found inside of a pdf version of a Racist Neo Fascist book known as Goering's Biography written by a convicted "modern day" fascist who was fined over two million pounds for its production in the British courts.Dennis O'Brien is personally aware of the author and the Irish Independent copyright used in the specific pdf book version,however despite being listed as the richest person in Ireland he has no personal intentions of removing the copyrighted material through the court system.We completely condemn the racist actions of the Irish Independent in allowing their copyright to be produced in the first instance and later used in Goering's Biography and also condemn Joe Biden Government for remaining silent on "Wikileaks – Ireland's CIA Operations".

Clinton Foundation CIA Covert Corruption; Did secret CIA deal launch Clinton Foundation & their money laundering schemes

March 9, 2018

Artvoice

There is far more to tell about this matter. Here are the bare bones. Later we will flesh out the details.

There is evidence that the Clinton Foundation may have been birthed as a lucrative money laundering operation to both aid the CIA while enriching the Clintons.

Here is the story as we understand it, and according to Harmon Wilfred:

In 1996, Harmon Wilfred was contacted by Michael Austin from Phoenix, Arizona, a purported CIA operative. Austin offered Wilfred, an expert in banking and international finance, an opportunity to become a financial contractor for the CIA.

Wilfred was asked to help certify international bank certificates of commercial obligation written by the Mitsubishi Bank of Japan. The certificates were dated from the late 1960's.

The CIA had obtained 11 of these large bank notes, originally issued to Central American governments. The CIA wanted to transact them privately to fund, Wilfred was told, humanitarian projects.

The first note had a value of \$6 billion and was to be funded to Guatemala for infrastructure and other related projects to rebuild after recent, devastating hurricanes, Wilfred was told.

Wilfred traveled to Zurich, Switzerland in June 1996 to meet with a trust representative to get the money from the note. The first note was faxed and examined by the trust, and the transaction was accepted. Due to the large size of the transaction, it was agreed to introduce the opportunity to a second trust.

The \$6 billion Mitsubishi Bank certificate was verified as authentic through the Swiss Bank of International Settlement and the Central Bank of Japan. The process of verification included curating the note to confirm its date authenticity, as well as a detailed history of ownership and all retired interest coupons.

The history of the paid interest was of grave concern to Wilfred.

What had the CIA done with the interest?

He discovered that some of the interest on this \$6 billion note he was asked to sell for the CIA had been utilized in years past to fund the illegal Iran Contra Arms deals through CIA backed Lieutenant Colonel Oliver North in the 1980's. North pleaded the Fifth before Congress to avoid revealing details of the financing of the operation.

UK AND IRELANDS LATEST ESPIONAGE VICTIMS

Fri, 06/06/2014 - 11:42am — DAVID DUNDALE

- [General discussion](#) [1]

Who said Espionage in the new Superstate was dead?Ive pondered upon the issue for some time however Im now convinced from what can be politically witnessed within the republic over the last five years there is now a Superstate between The Republic of Ireland and the UK.You see Great Britain of which your the Socialist party of folks lies as we know geographically next to the Republic of Ireland.Unlike other countries within Europe along the border of Ireland there are no real check points or police or army you do get them from time to time however generally speaking you walk over without hinderance.Its a bit like crossing from England to wales or Scotland,The political impact of this is in some ways is quite remarkable on one side the Euro and the other sterling.If you examine recent political developments within the republic of ireland over the last five years its freightinging at what can be politically obseerved.The last five years for a start there is no significant industralisation more than 80 percent of the country is farm and national park The workings of both the USA and British Governments can be seen at work in this country that relies on foreign investments and loans If you compare iRELANDS INDUSTRY WITH UK gERMANY FRANCE iTALY IT DOESNT EXSIST iRELAND DOESNT EVEN HAVE ITS OWN CAR PRODUCTION.thJE BANKING SYTEM AND FINACEIAL SIDE OF THINGS HERE IS A SHAM RECENT COURT CASES AIB HAVE CONVICTED BANKERS OF FRAUD THE COUNTRY IS RIDDEN WITH DEBT AND HP NONE PAYMENTS THERE ARE NOT ENOUGH POLICE AND FIREARMS SHOULD BE BANNED BUT THEY ARENT FARMERS AND COUNTRY FOLK DRIVE AROUND ALL OVER THE COUNTRY WITH FIREARMS IN THERE VEHICLES.Kennys government is based on the blue shirts just google blue shirts ireland his party still flies the blue of the blue shirts there is more security between Dublin and Wicklow than some border areas and the big industry is the Real IRA known now as simply the IRA .To be honest folks theres too much evidence to show that the FBI and the queen of England are making Big Bucks out of terrorism,Range Rover vehicles worth countless thousands are scattereded all over the country and the house prices have rocketeed within the last five years 300/400 thousand for shoe boxes that wouldnt have fetched 20 thousand ten years ago alot of property in Ireland was given by the state over the years for spying and people in this country dont want you to know it there were schemes to buy land and property cheap in exchange of course for loyalty.

Both the legal minister and the Chief of police left their jobs recently after admitting to Espionage within the Government the tv companies and papers and radio station exposed this, where was I well i was in the Librarys writing articles for this site! being spied upon by the Librarians The real story is the fact that the librarians were taped by eastern intelligence and muslim extremist you can still here them gaasing in the illac centre library i had to sign disclaimers with the Irish Gardai after offering to give evidence of them leaking out.Washington kiss my lilly white grass

MI6 under fire from GSOC mole

Mon, 07/07/2014 - 2:31pm — anonymous (not verified)

- [General discussion](#) [1]

GSOC AND FURTHER GOVERNMENT SECRECY

On Sunday 6/7/2014 Sunday times published an article by Conor Brady a former GSOC Commisioner,a very powerfull and informative piece of journalism, outlining what the new Garda Siochana (amendment) act 2014 will bring into power for the "New GSOC".

Unfortunately however when certain Breaches in security itself have been identified and require legal solutions hypothetical anaylsis and parameters surrounding evidence itself become meaningless,once a state of security becomes obtainable.Infact the Irish Independent announced on the front cover of its newspaper on June 12th this year "HUNT FOR MOLE WHO BREACHED SECURITY AT GARDA WATCHDOG" make no hesitation GSOC called in the lawyers with a view to a kill.

Whilst certain members of "think tanks" have designs and ideas that are catapulting forward at incomprehensible speeds regarding GSOC new look and future.This articlele intends to freeze the big picture and put into context what security means within real issues.

In policing and CIA work security breaches allow emmediate sequestration regardless of court proceedings.Simon o Brien chairman of GSOC has been exposed by wiki forces as a former British Police Officer,arguable all the ingriedents for further speculation infact many here in Ireland are calling for his resignation and for many obvious reasons.

Final point here when security breaches are legally established in Banks ,Government buildings, then the Security Industry always presumes assumption that if its happened already then its happened before.Gsoc and the Irish Government are of no consequence within the papameters of GSOCs breaches within security issues itself, because without arrest or convictions over alleged GSOC Breaches within law itself in our domain we now have the affirmative right to determine that other formats of data and intelligence have been removed without the publics knowledge or consent breaching human rights.Force majeure.

Though [James Bond](#) is a fictional character, some of 007's onscreen tastes ring true for actual, real-life spies. No, we're not talking about those [million-dollar sports cars](#) he guides around hairpin turns, or the cocktails he prefers shaken instead of stirred, but something else entirely: His taste in luxury hotels.

Today, The Stafford [London](#) may be known for its red brick Victorian exterior and prime location near Buckingham palace, but its American Bar was a popular hangout during World War II for members of the Special Operations Executive, a British WWII covert military organization. Nancy Wake, aka "The White Mouse," a key member of the French Resistance, was often seen grabbing a [cocktail](#) (or two) in the dimly lit pub when she wasn't eluding capture by the Nazis. (Wake lived at the hotel until shortly before her death in 2011 at the age of 98.) Now, the American Bar is decked out in memorabilia and keepsakes from past guests—including bar regular Margaret Thatcher—and there are model airplanes donated by the Royal Air Force and USAF pilots who flew them.

Courtesy Restaurant Le Meurice

Another 5-star hotel, Le Meurice in [Paris](#), hosted notable guests long before Coco Chanel, Pablo Picasso, Elizabeth Taylor, Kanye West, and Jay-Z. Most notoriously? Mata Hari, the Dutch courtesan and German spy known as H-21, was a frequent guest of this spot in the 1st arrondissement before being executed by firing squad under charges of espionage for Germany during World War I.

It wasn't just overseas exploits: There was even spy activity within the good ol' US of A. The Watergate Hotel in [Washington, D.C.](#), was the former headquarters of the DNC and site of a secret break-in mission that toppled Nixon's presidency. In June of this year, [the Watergate Hotel reopened](#), and seems to be capitalizing on its tainted past: There are pens inscribed with "Stolen from the Watergate Hotel" and key cards that read "no need to break in."

Up for a little espionage escape of your own? You can take a mini history lesson and indulge in amenities from [terrace views](#) to fine dining at any of these hotels—license to kill not included, of course.

Dr Moayyad Al kamali AKA the "Tripoli Bad Grass" is known to the Russian federation as a Government employee (agent) vetted by both the FBI and CIA (who politically endorse the torture and killing of Palestinians), before he worked within US territories. Allegations made against this Doctor include espionage, torture, money laundry, sexual abuse, false imprisonment, kidnapping, extortion and connections to drug cartels. The Government (Biden's only friends) refused to comment on why one of their agents was found holding down three jobs at the same time!! one as the President of St Andrews College Alumni Association in Dublin, another as the Dead Doctor in a hospital and finally found double parked next to Mr Putin's London Embassy, with over 20 Million Gross hidden in various bank accounts around the world!! Hotels are somewhat synalominous places and Emmigrating radio signals are unfortunately for Doctor Kamali in his absence hour an excepted form of evidence in court trials.

BellingChat Episode 2 – Racism Today

June 11, 2020 By Eliot Higgins

In this week's episode of BellingChat, Eliot Higgins is joined by Bellingcat's [Charlotte Godart](#) and [Nick Waters](#) to discuss their recent work documenting police violence against journalists during the recent protests in response to the police killing of George Floyd. We're also joined by [Robert Evans](#), Bellingcat writer and presenter of [Behind the Bastards](#) on iHeartRadio, to talk about his experiences on the ground covering the US protests and his encounters with police violence, as well as his recent work on the Boogaloo movement.

Later, we're joined by Bellingcat's [Natalia Antonova](#) and [Roman Dobrokhotoy](#) from The Insider to discuss RT editor-in-chief [Margarita Simonyan](#)'s sharing of racist advice to George Floyd protesters on her Telegram channel, and RT's bizarre defence of her actions.

Some of the articles discussed in the podcast:

[Visualizing Police Violence Against Journalists At Protests Across The U.S](#)

[US Law Enforcement Are Deliberately Targeting Journalists During George Floyd Protests](#)

[Guardian – 'I'm getting shot': attacks on journalists surge in US protests](#)

[RT – Bellingcat's \(race\) war against RT: Russians didn't kill George Floyd, but are STILL BAD, say internet 'sleuths'](#)

The tweet that sparked RT's response

Margarita Simonyan, editor-in-chief of RT, shared incredibly racist "advice" to "Minnesota negrs" [the word has several meanings in Russian: coloreds, blacks, negroes]

The re-post is from Dmitry Steshin, a journalist known for his nationalist views.

Well where back to where we started folks,who exactly controls what? and who cares? There is a very nast man denis Obrien hes been caught red handed buying up lots of companies over the last few years that owe money to Banks however what the press in europe has forgot to tell us is that he works for the CIA.At first this may seem a bit brash however furthjer erm research into denis shows us that hes a close friend of former US president Bill Clinton so close infact that he is a member of the Bill Clinton Foundation!

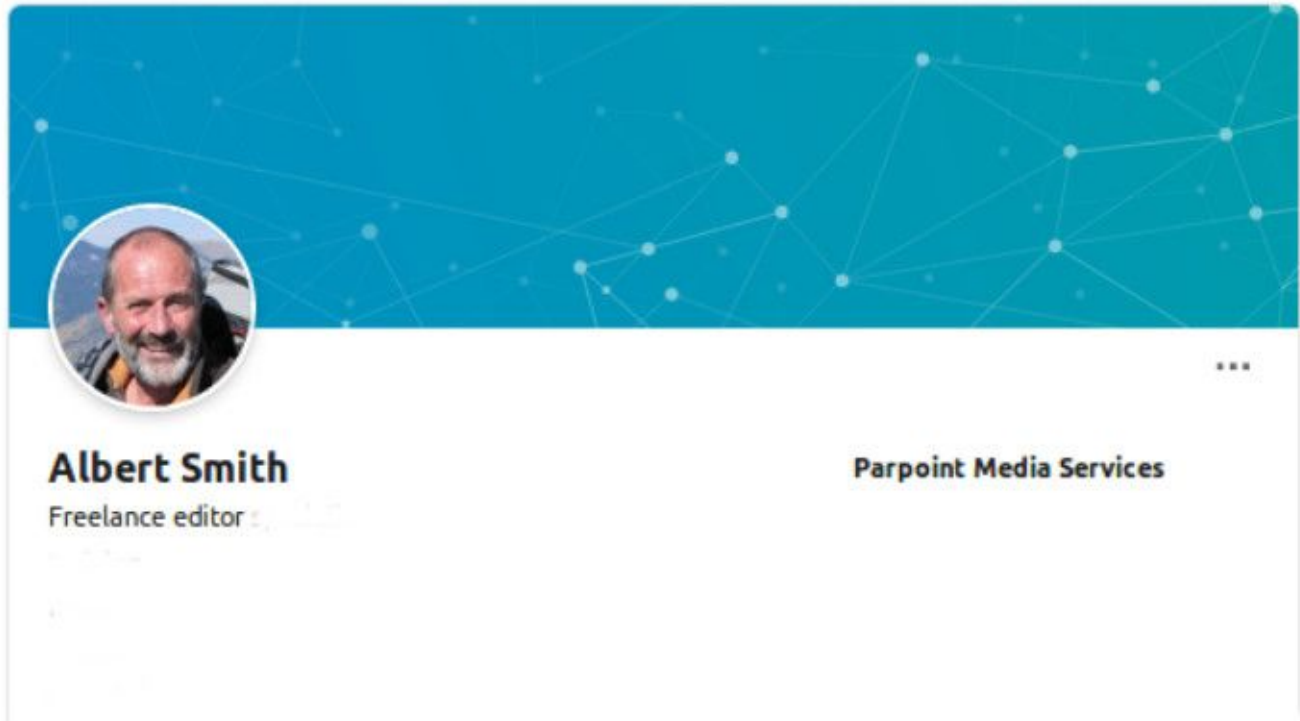

Bill Clinton has been buying intelligence with pentagon money.....O Brien does deals with banks intelligence held by security companies in exchange for debt write offs theres plenty of evidence upon the internert of O briens activities and this means all the mi6 files Irish companies can hack into infact much buisness in ireland and other countries sucks intelligence out of Britains secretly held data files...

The secret government bunker hidden under a luxury hotel stocked with 30 years of supplies to keep America's most influential alive in a nuclear fallout

It is the 'Day After' nuclear war with the Soviet Union and the government of the United States convenes to try and steer the nation through the apocalyptic aftermath - but this is not Washington D.C.

Instead Congress are meeting in a secret bunker built under the luxurious Greenbrier Hotel in White Sulphur Springs, West Virginia, protected by 3-foot-thick concrete walls and an air-intake system designed to filter out dangerous radioactive fall-out.

Secretly constructed under the luxurious hotel five hours away from the capital by order of President Eisenhower from 1958 to 1962, the bunker was codenamed 'Project Greek Island' and was built as scions of America's political classes such as the Kennedy's and even the Duke and Duchess of Windsor vacationed above.

Our education system (except top universities) is just terrible. By all measurements we are at the bottom of all so called industrial nations and with home schooling it will be even worse. How will half educated parents (and yes I do not put you in this group Bob but most parents are) educate their children when educated teachers can't do it ?

This is a myth. The problem in the US is that our worst schools are VERY BAD. If you remove the very worst bottom 5% or so of schools we shoot to near the top in the world. We only look at statewide and national numbers usually though and we get a skewed picture.
The real problem is poverty. The worst schools are in the poorest areas. These kids are simply not having their basic needs met so they cannot succeed at school.

An Enigma that somehow evolved somewhere a bit like COVID – 19

The Quintesssential Quirky story of an Arab Doctor living in Ireland that at present seemingly owns a hotel next door to Mr Putins Embassy in London (and yes it is rather personal! – A paradoxical enigma of sleuth on the roof)

Anonymous data input provide British Government evidence which has been available for a number of years The first and most important point of evidence is somewhat incumbent to point out however Ireland in a sense in the Republic is more somewhat American based than British, many americans priding themselves in their irish Ancestry® and families including of course former Presidents.Its not suprising then to know that the main Irish Police stations in Dublin are connected directly to FBI and CIA channels and that the central irish police stations communication systems are closely monitored by the CIA these where conditions laid down by Clinton and the Clinton foundation in its dealings in the past .taoiseach. protection and other politicians, included within there protection systems will also be included the head of pyschiatry as the head of pyschiatry offices are based a few hundred meters from the central police station .an alleged arabic doctor and former head of Dublin Pyschiatry named as Dr moayyad al Kamali has cropped up on a number of Wikileaks based sites or derivatives of Wiki base data files over the last 3 years .Dr Moayyad al kamali has been crossed referenced for political reasons as an alleged Arab held apparently on CIA files and directories upon protection lists Dr moayadd Al kamali from public British Government records was alleged removed from the General medical Council registered doctors register in the Uk public free information indicates that Dr Moayyad Al kamali owns and this is the incredible part of the data packages a hotel worth countless of millions of english pounds less than 3 minutes walk from the Russian Embassy in London known as Wedgewood Hotel 49-51 Leinster Square, Paddington, London W2 4PU PERIOD which is exactly a mere 3 minutes more or less walking distance from Mr Putins Embassy (real Personal!!!)

BELOW BRITISH INTELLIGENCE NUCLEAR BUNKER (HERFORD,UK) PART OF ANDREW DEDMANS OPERATIONAL AREA IN NORTH LONDON.

Andrew Dedman left The British Army and joined the British Police, it is believed he was transferred because mathematically the badge number he was allocated to use as a police officer, (every police officer has their own badge or identity number on the "force") was 1001! the emphasis here is the actual mathematical chances of owning this badge number in the British Police are practically ZERO it's a computation that runs into many hundreds of thousands, as there are many hundreds of thousands of police officers so we believe it was a badge number on "Stand by". As we all know 1001 is a British expression or phrase only in this particular person's instance it's a thousand and one misuses as opposed to uses. Andrew Dedman by name and nature was not a regular police officer. The name itself is an anagram of ...and you're a deadman... A typically sinister calling card left on police files, court paperwork etc. researchers who quite often browse through British Intelligence files and Police Intelligence files would "lock" onto the "coding" of coming across a name of DEATH 1001. Because of his initial location a town known as Hertford, Hertfordshire where he worked as a mere detective constable it is thought that he was part of an undercover military unit within the police or even a secret police officer, that is a police officer who has different roles, his expertise and British Army knowledge would have made him prime time for the job, still being able to work with the British Army itself. This is because 20-30 years ago Hertford was the quintessential MI5 village situated far enough outside of London's capital served with two railway stations (not many towns in UK have two railway stations!) the British railway station from Hertford actually takes trains right inside of the tube station underground!!! Moorgate station to be precise so this made security arrangements for MI5 workers less hassle to get around. Hertford itself is a rabbit warren a complete maze, it had one of only three types of emergency nuclear underground base stations this can be found on Google by typing <http://www.urbexdevil.co.uk/srhq-4-2->

MOAYYAD AL KAMALI - LONDON - MEDICAL

Overview

MR MOAYYAD AL KAMALI is a Medical Doctor from London. This person was born in April 1967, which was over 50 years ago. MR MOAYYAD AL KAMALI is Irish and resident in Ireland. This company officer is, or was, associated with at least 2 company roles.

Companies associated with this officer had at least £6,888,675 shareholder value and £2,434,017 cash in recent accounts.

Their most recent appointment, in our records, was to GARDEN VIEW HOTEL MANAGEMENT LIMITED on 2014-06-19.

regional-government-bunker/ the Town has hundreds of inter connected footpaths,there everywhere,canals,rivers,viaducts,lakes,wooded areas nearby now abandoned air strip...the list goes on and on just look at google maps and everything within 5 miles radius of Hertford itself on the map and twenty years ago the place was a lot more quite and the police were right good chaps.Andrew Dedman for his sins was a nasty right winger who tampered and experimented with systems and law probably the type that was very much aware of people like Oswald Moseley infact Dedman looks remarkably similar to this man.He was a brutally cold police officer across between a ferret and British Army stiff upper lip type although the kind of skinny/medium type build chap that you would find camping somewhere in the middle of the Brecon Beacons eating worms and rumours surfacing on the net indicate he left the police and was found by Mossad agents living in Turkey they apparently got real personal by naming him a man with American armed force tattoos on his left arm on an alleged IDF site in Israel.Dedman probably is part of a sinister network of espionage/crime/drugs as Turkey is not the sort of place a person would willingly live in being British Born no offence to the Turkish people here but it isn't many folks ideal port of call,hes either hiding there or working or both and probably for both sides at the same time if you know what I mean....Dedman tampered with the British Police force PNC computer system leaving a trail of disinformation behind him the extent of which will probably remain another mi5 well kept secret,these types of police officers have been involved in creating DATA BANKS which are not only used by police but Diplomats and British Intelligence which is part of creating the capitalist infrastructure of Britain itself all information is a tradeable commodity and at some point ends up in the Kremlin or Washington.Some folk say that the only thing that's secret about mi5 is where they live and how much money they earn each year everything else goes through the back door in one form or another...sorry chaps but that's the word...Dedman was involved in programming prisoners and the British mafia and Dedman itself is more a ring of pirates or network of people including criminals that help maintain protection within Britain.

Britain's spies have a top secret programme code-named "royal concierge" that monitors luxury hotel bookings made by foreign diplomats or other targets for espionage.

Leaked documents from Edward Snowden, the former US intelligence contractor, disclose the spy programme and its logo depicting a penguin wearing a crown, a purple cape and holding a magic wand.

"Royal concierge identifies potential diplomatic reservations", said the secret document, at 350 luxurious hotels around the world automatically informing the Government Communications Headquarters, or GCHQ.

group of unknown anonymous researchers claimed on various American publishing sites some time ago that Smith admitted to taking bribes from the Irish Police that's what TOR news stated – exactly that – bribes in the form of regular bank payments had been discovered being paid into bank accounts allegedly tracked and belonging to Smith, for legal reasons the bank details weren't disclosed however Smith's own admittance to the affair has been documented in writing and published publicly on various Russian sites for safe keeping.

Smith's own admission of accepting money from the police is a complicated political issue. In a country with a history of political violence that goes back decades this form of self-confessed espionage intel isn't simply going to go away, especially as Smith is a British citizen, furthermore working for the police isn't something that is mentioned in passing and then forgotten about, later on conveniently being brushed aside under some kind of magic carpet so to speak. It is an extremely serious political matter. Now that information of this calibre is finally in the Russian public domain Smith's ill-gotten gains become a statement of eventualities and more to the point inevitabilities.

The allegations derived from Smith's statement go far deeper than just accepting money from the police, in so much that the next question asked is how many other journalists in the Irish Independent newspaper have also been working for the Irish police? There doesn't seem to be much readily available evidence in Irish political history of journalists that have ever admitted to or proven to have worked for the Gardai before and so this recent Russian Yandex Hack seems to be another breakthrough.

One would presume then that Dennis O'Brien the owner of the Irish Independent will become directly implicated as he personally holds and controls security files held on Smith and must therefore presumably be aware of any regular payments made into Smith's accounts, this places new light upon O'Brien and his relationship with Bill Clinton as the published book Clinton Cash named Dennis O'Brien as the owner of Albert Smith's newspaper the Irish Independent that gave money to Bill Clinton. Where exactly then are we led to believe that the money paid to Clinton really came from Enda Kenny?, Mr Putin?, The British Secret Service? The readers must also consider court cases Smith was allegedly involved with over the many years. Being paid by the Gardai as a witness to give false evidence to the Irish courts is more than a serious offense, it directly implicates that members of the Garda Síochána itself must have knowingly been involved in rigging political court cases, you can find allegations on Smith that go back many years on the internet, just "Bing" it Albert Smith MI6- on how he lied in courts. Just to make the point if

somebody had used Obrien to pay Clinton (and hes one of the biggest liars in American political history) then that might explain one of the many ways why and how Hillary Clinton really lost the election, somebody or some government or rival party was following Clinton around the world and buying into payment slots, who knows? it would make sense for an insider perhaps Russian, or British to setup a deal with O'Brien and others like him and to pay the money to Clinton as he TOrEd the world, that way they would always have something on the happy go lucky trumpet blower. Espionage has no rules and there are certainly no rules on holding ones own opinions and views!! on determining where money could have possibly come from within the inner circles of the Clinton Foundation, its been suggested should Hilary have won the election all of the Clinton Foundation history would have been given a white wash brighter than the Whitehouse itself! The Mystique of Gardagate was in many ways created by the press in particular the Irish Independent and the master mind behind it all was none other than Journalist Conor Brady who worked with Smith and was identified by some as as the person who removed half the Irish Government with his papers articles that appeared in the Irish Independent , see where all this is leading to? Smiths monitoring/policing role within the newspaper itself. Conor Brady incidentally worked for the Garda Siochana Ombudsman Commission allowing him to gain his info on MI6 agent Simon Obrien (former GSOC Chairman) , so if Smith worked for the Gardai and Brady worked for the Garda Siochana Ombudsman Commission that makes for an interesting cocktail of stinker , tailer soldier spy and we know exactly who Conor Brady implicated for spying on GSOC, perhaps thats why he wont come clean on Smith publicly as there are too many question marks that remain around this unhinged Jack Ruby styled character. Recent evidence shows clearly that Smith was trained in America, Louisiana and we wouldnt be surprised if Mr Conor Brady could also explain who exactly payed for Smiths training, and then of course Smith wrote a Walking book that was published and nobody bought the book (its been checked on publishing records) so whos is really pooting the bill? There are too many idiosyncratic demeanours hanging above Smiths fed hes a ringer for example he celebrated the work of convicted fascist David Irving (a holocaust denier) who received a three years sentence for producing anti semitic literature, if any european journalist today wrote a similar article they wouldnt last for very long and we doubt for legal reasons any European newspaper would even be allowed to celebrate an Author like Irving in their newspaper or even consider promoting a convicted fascist, so whats really going on here? is Ireland itself attempting to rewrite its own history cant the Irish Government give an answer in Gaelic to US as to why so many people are remaining silent ?? Other allegations on the net include Smith being an unregistered firearms user and Google allegations point directly at

MI6 sting operation against the Irish Statutory Body GSOC – The Resignation of Chairman Simon O'Brien a former British Police Officer.

Here's the site below it's prohibited find out for yourselves by tapping link below.

We've stripped out the contents of the site and pasted it onto this page it's the pdf file below entitled Andrew Dedman MI5 just click onto the wording Andrew Dedman MI5.

ANDREW DEDMAN MI5

Paste Andrew Dedman MI5 at Yahoo or Google search engines for more info on this fascist creep, according to dark web sources he basically tampered with British Government computer systems and then exported the data to Ireland where far right wing "patsys" made good with the stolen and "faked" info to pay for their cars and houses.

Reliable net sources explain that Andrew Dedman was a former British Army officer who was assigned to work in the police for a time in specialist work but later on in his career left the police in mysterious circumstances, that till this day have never been truly explained. We know from wiki-obtained police data whilst in the British army Dedman worked in south America, and was allegedly involved in espionage work involving operations against South American communists, he was assigned the warrant number 1001 whilst in the police and the last known location for Dedman as a police officer was in an intelligence gathering unit in the City of London, International net sources found Dedman working in Turkey shortly after leaving the police by the Israel Intelligence service. Turkey as everybody knows is the gateway for heroin into Britain and Ireland. Below url is an introduction to Andrew Dedman, remove the wording from the site as jpgs add to your desktop and use magnifier application to read properly.

<https://mi5reference3028.wordpress.com/blog/>

Dublin solicitor and recognised political Author, Kieran Conway (featured above photo) was involved in a District court case in Bray town County, Wicklow, Ireland in we believe 2015, it was a political court case where right wing Journalist Albert Smith lied to convict a left wing socialist writer/net sign poster. The socialist was apparently held on British Intelligence files even before he came to Ireland to live, and had previous dealings with Dedman in the past in the UK, it is Dedman who is thought to have generated the files about the socialist that were leaked illegally to Irish sources but not officially given to the Gardaí.

During the court case in 2015 the Gardaí presented mere here say as evidence in the form of a speech read out in court by Albert Smith, were Smith himself attended a court hearing and talked about matters such as the CIA and threats made against him with weapons. Smith's speech convicted the socialist on weapons charges and the socialist was sent to prison. Albert Smith is a known and published far right wing fascist (his previous newspaper articles and promotional work as a sub-editor of the Irish independent newspaper on convicted fascist and author David Irving proves this).

Articles of interest have in the past appeared on the net providing valuable evidence that explains the socialist stated in emails to an unnamed source at the time that Smith purposely lied in court by seemingly using a prepared and premeditated false speech, and that the judge accepted in court hear say evidence contained within Smith's own concocted political lies. According to a blog spot web site on the dark web internet discussion came to the conclusion, that by accepting the mere word of Journalist Albert Smith a known far right wing liar in court without any actual witness or any evidence the judge falsely imprisoned the socialist not for an alleged weapons offence that the socialist stated he never committed anyway, but as the blog writers suggested for being found guilty by the far right of being a socialist that exposed a ring of spys operating in Ireland under orders of the British Government. This known espionage activity was exposed through socialist political write ups that the public otherwise would never have read about and was leaked out in the left wing British political press.

In short the socialist investigated what is now termed as "Gardagate" and in the process exposed a cover up by Albert Smith's newspaper the Irish Independent of Simon O'Brien being a former British police officer as chairman of GSOC and his alleged involvement of being part of an alleged MI6 sting operation to "grab" Irish state intelligence held by GSOC. Like Dedman the socialist has always maintained that it was possible the British Government transferred O'Brien to Ireland.

The court case is databased and more information can be found about Albert Smith as an alleged MI6 dogsbody on the net type Albert Smith MI6 below site is evidence that the journalist worked as a sub editor on the Irish Independent see site below:

Various internet allegations can be found that indicate that Albert Smith worked on Andrew Dedman's generated data bases over a period of many years and that some of the data based files (The Dedman Files) were allegedly transferred secretly by Dedman himself to amongst other the Store street Garda station (against human rights treaties)

as these files were held secretly in Ireland by "black" cops.

One article indicates the area where Smith lives (Shop river County Wicklow) was data based by Dedman back in 2002 and that Dedmans own pirated and stolen supplied data (block data,many thousands of types of files passed between bent cops without authorisation) was used by the "patsys" in the Dublin/Wicklow area where Smith lives to help pay the bills.The Gardaí themselves were quite happy to allow the local "patsys" to spy on person suspected of travelling in and around the Dublin Mountains on their behalf and spy is the right usage of word hear,the "patsys" were rewarded for their loyalty in pieces of land,discounts,wavers etc obtaining state housing and buildings at cheap rates of purchase,false ids,credit crunching etc etc.

Left wingers,taxexiles,criminals,suspected IRA members etc who have over the years either fled the UK to live in Ireland for political reasons or set themselves up in business in Ireland where all targeted and followed on behalf of the British and American Intelligence service by "patsys" and bent cops and criminals.

Both the socialist and Journalist Albert Smith where born in the U.k and so the chances of both these individuals who where technically British,being involved in an alleged false weapons incident together in a remote part of the Republic of Ireland on the top of a mountain isn't a very likely prospect,especially as the alleged incident happened on farmers private property where the socialist had permission to travel from the local farmers (not roads or footpaths).

The unnamed socialist always maintained he was never involved in any weapons incident or that he was even present in the area when such an alleged incident occurred. Apparently in other articles found online the socialist claimed he swore in affidavits in court stating he was not present at the alleged incident,It is therefore logical to presume that circumstancially from an espionage angle there is enough online evidence and information to explain an invented incident/counter espionage tactic was used to illegally convict and punish the socialist writer for producing evidence that exposed amongst other Simon O'Brien chairman of GSOC as a potential MI6 operative and a former British police officer in the left wing press,this apparent inventory of Albert Smith should by now be setting off political firealarms amongst the International left wing.

The publications of the socialist are still found on the internet and these articles indicate very clearly that even before Smith's allegations were made through complaint process an article written by the Socialist exposed Simon O'Brien the chairman of GSOC in the British left wing press as a former British police officer, whilst on the other hand Smith's newspaper at the same time the socialist articles were published on Simon O'Brien being a former police officer, ran a cover up and didn't publish or indicate Simon O'Brien was a former British police officer .

The Irish Independent news paper that Albert Smith worked for didn't print this evidence

until much later on after Simon O'Brien resigned from his job after different allegations were put to Simon O'Brien,

So ask your selves as the readers of this article do you really believe that this socialist writer who exposed a cover up in Smith's own newspaper the Irish Independent just happens all of a sudden to appear before Smith on top of a mountain after exposing his paper running cover ups and then for no apparent reason threatens Smith with a weapon, when the socialist doesn't even know this chap? it sounds oh so bizarre and mathematically inconceivable. The court affidavits even state the socialist wasn't even in the area when the incident took place and he doesn't know Smith as a person or even has held a conversation with the man in his entire life.

Simon O'Brien later left his job as chairman of GSOC after internal allegations that he was an MI6 operative used to export GSOC files back to MI5 on mass after espionage activity was suspected at GSOC headquarters. It was the socialists published articles that exposed MI5 knowledge of the IPCC and Simon O'Brien obtaining a military based security contract for Verimus security to work in screening Irish Government buildings, in a left wing political party news column that really set the rat amongst the greys.

One of the many articles produced by the socialist explained that the security company sent to Ireland by the IPCC (Verimus) was an MI5 connected company who uses staff from the same British Army regiment that killed Jean De-Menezes, whose death ironically was investigated by the IPCC themselves. The IPCC, MI5 and Simon O'Brien collectively obtained the military contract together that got Verimus the work to look for bugs in Simon O'Brien's Irish offices where he was chairman of GSOC all a bit to cosy?

It was leaked out in the Irish Independent that MI6 were involved in looking for bugs in O'Brien's office however the Independent only talked in half truths and when it came to the delivery it failed, it failed to name at the same time that Verimus scanning equipment being used in Simon O'Brien's office was being used to protect a former British police officer. If it wasn't for the press leaks in other papers and other sources the public would never have known that Verimus were operating in Ireland on behalf of MI6 and their operatives, the leak outs gave the security services in UK and America the power to confiscate internally all the GSOC records that MI5 now have because essentially there own operatives were under threat, all though Simon O'Brien always stated he never felt threatened, but he would wouldn't he, so essentially without the press leak outs no confiscation of records by the Americans and British would have been obtainable. The files stolen or sequestered due to security breaches about Gerry Adams Sinn Féin leader having secret meetings with drug convicted dealer Kieran Boylan would never have been officially found by MI6 and MI5, allegations that Gerry Adams secret

meetings have been going on for years is no news however this article is evidence that its a club where the spoils get divided and if you expose espionage publically you can pay a heavy price when publically you force secret agendas into the press.

Evidence that Verimus security are part of MI5 and have worked alongside them for example the Olympic games contract.

the socialist was followed from Ireland to Europe where he was involved in publishing Smith was part of an ongoing operation into Drugs/terrorism see article here;

Albert Smith didn't care about who he spied upon and the Gardai themselves where always placing and mistaking people in different areas.Smith was stationed according to one internet web site and chosen by MI6 and the British Military to "plant" stories in the independent news paper he wrote an article about convicted fascist David Irving,Irwing got 3 years for the books he published that were anti semitic also Smith appear on irwings home site promoting irwings banned books incidently no normal journalist would have consented to promote a fascist like Irving and as Kieran Conways book names fascists it has to be published here that Conways past comments on fascists have been published :

Kieran Conway went up against Garda Patton and sergeant Heraughty of Enniskerry Garda station when he represented the socialist in Bray court.Another Garda involved in these areas was Garda Cullen formely Stepside now Dundrum Garda Station,he should have blown the whistle on Heraughty and Patton a pair of right wing state protected spies that work for the American and British Intelligence service.The Garda station at Enniskerry has American police force uniform patches in the window the entire Enniskerry village is a MI6/CIA state protected right wing fascist safe haven,you cant publish sites on an Enniskerry Google entry, the powers that be remove any site placed on Google that lands on Enniskerry,try it for yourselves, and yes they follow your signalex back to where you live so do it somewhere else! If you type Enniskerry Nazi at Google prompt you find a worrying amount of right wing neo fascist sites all connected to this tiny little village in the countryside of Ireland.

[ANDREW DEDMAN MI5](#)

Paste Andrew Dedman MI5 at Yahoo or Google search engines for more info on this fascist creep, according to dark web sources he basically tampered with British Government computer systems and then exported the data to Ireland where far right wing "patsys" made good with the stolen and "faked" info to pay for their cars and houses.

Reliable net sources explain that Andrew Dedman was a former British Army officer who was assigned to work in the police for a time in specialist work but later on in his career left the police in mysterious circumstances, that till this day have never been truly explained. We know from wiki-obtained police data whilst in the British army Dedman worked in south America, and was allegedly involved in espionage work involving operations against South American communists, he was assigned the warrant number 1001 whilst in the police and the last known location for Dedman as a police officer was in an intelligence gathering unit in the City of London, International net sources found Dedman working in Turkey shortly after leaving the police by the Israel Intelligence service. Turkey as everybody knows is the gateway for heroin into Britain and Ireland. Below url is an introduction to Andrew Dedman, remove the wording from the site as jpgs add to your desktop and use magnifier application to read properly.

Dublin solicitor and recognised political Author, Kieran Conway (featured above photo) was involved in a District court case in Bray town County, Wicklow, Ireland in we believe 2015, it was a political court case where right wing Journalist Albert Smith lied to convict a left wing socialist writer/net sign poster. The socialist was apparently held on British Intelligence files even before he came to Ireland to live, and had previous dealings with Dedman in the past in the UK. It is Dedman who is thought to have generated the files about the socialist that were leaked illegally to Irish sources but not officially given to the Gardaí.

During the court case in 2015 the Gardaí presented mere hearsay as evidence in the form of a speech read out in court by Albert Smith, where Smith himself attended a court hearing and talked
